Hello Everyone

The end of Term 2 is upon us. Holidays await with rest and some extra sleep very much anticipated. It’s been a long hard term but it seems to have come and gone quickly. A lot of good learning has taken place over the term and now its time for a bit of a rest.

Good Bye Tony Bubnjar
We say farewell to Tony Bubnjar who came to the Precinct at mid year to cover for Heather Ernst. Tony has decided to accept a position in a Melbourne College. Tony worked hard for his students. His weekend classes were most appreciated and I’m sure all of his students will miss his efforts and dedication. We wish him all the best and thank him for the tireless work he undertook especially with his Year 12 Specialist Maths.
A replacement for Tony is being interviewed in the next few days and an appointment will be made after that.

Introducing Kristen Healey
Jacquie Melling will be leaving at the beginning of Term 3 on family leave. To replace Jacquie we have appointed Ms. Kristen Healey. Kristen is a new teacher with loads of enthusiasm and talent who will take on most of Jacquie’s teaching load. We welcome Kristen to our Learning Community and we hope she enjoys the experience at the Precinct Campus teaching interested young adults.

Deb Ball Success
Another round of Deb Balls were held last week. Both were spectacular events that showed our students at their best. On both nights the students made their parents and our College proud. We have had many comments from guests congratulating the College on the success of the nights. Special thanks must go to Andrea Gordon and her team of dedicated staff (Dan Swallow, Todd Miller & Bernie Cropper) that works so hard for months prior to make the events so wonderfully enjoyable. Well done to the students who all looked fabulous and actually made dancing look easy.
Term Holidays
While term holidays are here and it's important to take some time to relax and unwind, it's also important to keep in mind that all students will have some holiday study to complete as well as the usual revision that needs to be done. It's important to keep up to date with all work set so that when the new term begins everyone is at the point that the teacher anticipated for the class. Please remember to relax as well as do what is necessary for all your classes to keep you up to date.

Have a great holiday and be safe.

Schoology
Since the start of the 2014 school year, Kurnai has been using the Schoology Learning Management System (LMS). It has been slowly introduced across many subjects and allows students to access their work online at any time, and also submit work or ask questions. The system is an effective 21st century learning tool that enables teachers, students and even parents to come together and help students learn what they need to learn.

For more information go to schoology.com to have a look at how the system works with its online demonstration. Alternatively, call or email the school to find out more.

Homestay/Host families provide an authentic, safe environment for 15 – 18 year old overseas students, coming to Australia, for study.

Homestay families are paid a fee to cover weekly food and utility costs. Students’ stays can vary from one year to three years.

If you, friends or family are interested and would like further information please contact Geoff Block or Corine Noblet at Kurnai College on 03) 51323 800.
2014 Debutante Ball
Congratulations to our PBS Recipients

**Your Holiday to Relax – and do a bit of study…**

As with every holiday as a senior student, it is absolutely essential that holidays are used to relax and revitalise before the next 10 week block. This one (for Year 12 VCE especially) is absolutely no exception. Next term is known as one of the hardest in respects to outcomes, workload, SAC’s, etc, as students prepare to tackle the Exams in Term 4. It is therefore extremely important to rest up, enjoy some free time and feel relaxed and refreshed for the beginning of Term 3.

The extra part to this however is to also separate some time for your studies. This doesn’t need to be over the top but using portions of the holiday to read chapters, revise topics and catch up on missed work, will make the start of Term 3 more productive and enjoyable.

The VCE Advocate Team have been advertising the use of holiday study timetables to get this balance right. We have had 15-20 students run through the study timetables in the past 2 weeks and we welcome more in the time leading up to the holiday.
VCAL Guest Speakers

VCAL students have been looking at the local community and the issues impacting on the community. Students completed research tasks and then produced brochures about these issues and local services addressing these issues. As part of learning about their community, students heard from guest speakers Heather Farley and Andrew Legge from Latrobe City about issues that our community are facing and how students can become more involved in their own community. Students asked questions and also gave information to Latrobe City about what they think needs to be changed locally.

VCAL Personal Development

VCAL Personal Development has taken on a community focus this term as students gain an awareness of local issues and get involved in a range projects that can help address some of these. The VCAL Personal Development Wood class is currently involved in a number of projects designed to help students give something back to the local community.

Since the beginning of the term a number of students have been involved in restoring wooden furniture with the intention to turn unusable furniture into functioning furniture that can be donated to local charities to help families in need. Students have worked hard throughout the term to strip back, repair and refinish various pieces to turn some very ordinary and rundown furniture into show pieces people would be proud to display in their homes.

Students have enjoyed this work and are currently seeking donations in order to continue. If anyone is able to help by donating old and unwanted timber furniture this would be greatly appreciated. Unfortunately we cannot accept MDF of Chipboard furniture as we cannot work on these in the classroom. If you think you can help with this please call Paul Radford at the Precinct campus on 51323800.

Alongside furniture restoration students have recently become involved in planning and constructing a number of single beds which will be donated to young mothers involved in the KYMS program. Students have worked with the Smith Family to plan a sturdy single bed design and have started to construct a prototype with the aim of producing four beds by the end of term 3. The Smith Family will work with the school to provide mattresses and bedding and the beds will then be donated as a package.
Year 12’s Baby Photos
Find one Baby Photo (0-6yrs). Try and find one that doesn’t obstruct your face and preferably facing the front. Convert to digital and save it as a jpeg file.

Send it to Kallitsa at the following email: kalleopi.yiannacou.k@edumail.vic.gov.au

Also, any photos from your time at school are welcome. Examples of photos can include Excursions, Camps, Spots Days, Social, Deb, and any general photos of you and your friends taken at school, (Year 7-12).

2015 Contracted School Bus Travel - New Students (Year 7-10 and Year 11 & 12)
In Term 3 the school will be assessing Bus Loadings for 2015. It is important that if you have or know of any prospective students either doing Grade 6 2014 (enrolling in Year 7 2015) or who are intending to enrol to do Year 11 & 12 (VCAL, VCE, VET 2015) at the Precinct Campus and need to travel on a school bus, they contact Leonie Mackie (Bus Coordinator) on 5132 3700. Bus Forms for 2015 are available and need to be completed so that their travel can be assessed when undergoing this process.

Kurnai College – Available Tutors
Federation University have compiled a list of Tutors available to support Precinct Students. Tutors are an amazing source of support for students wanting to reach their goals and wanting to work that bit harder to get there. They are also a great support to those students who are anxious and feeling overwhelmed with certain subjects.

In the newsletter you will find a list of names of available tutors, their contact details, what classes they specialise in and some references. Please look through these and see if getting a tutor is a good move for your family. It is your responsibility to organise these tutoring sessions, which means organising time and place (any available classroom is available until 4pm at the Precinct). It has been agreed by Federation University that they will charge $25-30 per hour (which is the normal rate). If you want to get together with a group (4-6), this could cost about $50-60 – but will need to be negotiated with the tutor.

Name: Rowena West (2nd year Vet BioScience)
Subjects: Chemistry, Biology, English, Indonesian
Contact email: rowenaewest@gmail.com
Contact phone number: 0468773494
Past experience:
Education support trainee at Warragul Regional Collage (2012)
Reference:
Iain Luck (Assistant Principal)
Phone: 5623 9900
Email: luck.iain.h@edumail.vic.gov.au
Peer Leader (2009) at Trafalgar High School
Name: WeiChieh (Anela) Chang (23340290) (3rd Science – Chem major)
Subjects you could tutor in: General Mathematics, Math Methods and Chemistry
Contact email: wccha24@student.monash.edu
Contact phone number: 0421205739
Past / relevant experience for tutoring:
I have working with children check.
2010-2011: I worked for Edsolution Tuition Agency (in Singapore) as a full time tutor, tutoring year 10-12 students biology, chemistry, mathematics and mandarin.
2013-2014: Currently, giving mandarin lesson to 4 children (Age 5, 8, 10 and 11)
Anela is multilingual – Chinese and English and would be particularly good with Chinese language international students.

Name: Jaymie Dawes (3rd year science Chem/Enviro and I think a past GEP student?)
Subjects you could tutor in: Chemistry, Biology, Environmental Science, Further Maths, Health and Human Development (years 11 + 12)
Contact email: jtdaw1@student.monash.edu
Contact phone number: 0432398433
Past / relevant experience for tutoring: currently tutor biology/enviro/maths on weekends, have been a PASS leader (in University Chemistry) for 1 year and have had numerous tutoring students in the past.
**Will need to be during semester 2 as I’m off campus until then doing a work placement with Gippsland Water.

Name: Aaron Stevens (3rd year Engineering)
Subjects you could tutor in: Any mathematics including Specialist
Contact email: ajste15@student.monash.edu
Contact phone number: 0404773455
Past / relevant experience for tutoring: Current PASS tutor for first year university mathematics – specialist equivalent.
Could take a small group maths tute.

Name: Kimberley Bowker (3rd year Vet BioScience)
Subjects you could tutor in: Biology, psychology, I.T
Contact email: kmbow3@student.monash.edu
Contact phone number: 0408971765
Past / relevant experience for tutoring:
I was an RA for halls in my second year, I was the first point of call for the first year science students so I did a lot of one on one. Mentoring - 2014
Student ambassador 2012-14
Kimberley thinks outside the square and has an unusual learning style herself. Great with students for whom conventional methods of teaching aren’t getting through.

Name: Meagan Gray (1st year VetBioScience but took a gap year)
Subjects you could tutor in: biology perhaps enviro (interested to know what other subjects they need)
Contact email: megra10@student.monash.edu
Contact phone number: 0467639921
Past / relevant experience for tutoring: no past experience but a good place to start :) unless you would count work placement at the primary school and helping younger brothers and friends.
Meagan is great at helping her peers out!
Kurnai College – Available Tutors contd...

Name: Ying-Chen Soo (3rd Year MedBioScience)
Subjects: Biology, Chemistry, Physics (preferably not all at once)
Contact email: ysoo4@student.monash.edu
Contact number: 0413644705
Past experience: Private tutor (2nd Year Microbiology)

Name: Thomas Gurnett (3rd Year Engineering)
Subjects you could tutor in: Physics + Chemistry
Contact email: twgur1@student.monash.edu
Contact phone number: 0422888892
Past / relevant experience for tutoring: Monash Ambassador, tutoring Yr 12 students.

Name: Joshua Brown (1st Year Science)
Subjects you could tutor in: Year 11 General Maths, Maths Methods, Year 12 Further Maths, Maths Methods and Chemistry
Contact email: joshuabrown@students.federation.edu.au or tacki999@live.com.au
Contact phone number: 0437184676
Past / relevant experience for tutoring: I am willing to partake and gain experience in this field as it is an area I am looking at moving into after I graduate. As for relevant experience, I have in the past tutored a couple of Methods students at both a Year 11 and Year 12 level. I also have tutored a set of students within a Year 12 Further class as well.

Name: Alexander McCubbin
Subjects: VCE Chemistry (Yr11 and 12), VCE Biology (Yr11 and 12), VCE Maths Methods (Yr11 and 12) and VCE History: Revolutions (Yr11 and 12).
Email: hubdul123@gmail.com
Phone: 0438389734
Relevant Experience: I assisted people with VCE History: Revolutions (Yr11 and 12) over the course of the year just gone, and I am currently assisting one student with mathematics. I have scored reasonably well in both biology (D) and chemistry (HD) during my current tenure at university.

Name: Rebecca Waddington (Final Year Bachelor of Science)
Subjects you could tutor in:
Year 11: Physics, Chemistry, Maths, Biology, English
Year 12: Biology and Chemistry
Contact email: rebeccawaddington@students.federation.edu.au
Contact phone number: 0468920012
Past / relevant experience for tutoring: Lots of experience as a "student mentor" role in high school, and completed two years of Bachelor of Teaching

Name: Daniel Bennett (1st Year Postgraduate Medicine)
Subjects you could tutor in: Year 11 and 12: Chemistry, Physics, Biology
Contact email: l_bennett_27@hotmail.com
Contact phone number: 0413812766
Past / relevant experience for tutoring: GAMSAT (medical school admission exam) tutor

Page 8
YEAR 11 & 12 VCE Mid Year Exams

Thank you to all the students who worked hard to successfully complete their exams. This practice is important as it provides feedback that can move learning forward. It allows students to identify their strengths and weaknesses so they can improve performance and for teachers to see the gaps in student knowledge and skills so they can build on them in class.

Thank you to all the staff in preparing the exams and assessing them at an incredibly busy time of the school year.

Thank you to Federation University for providing us with an excellent space to administer our exams. It provides our students with a professional experience.

Year 11 – 24 – 28 November
Year 12 – 29 October – 19 October

If you have any questions about the exams please contact me on: cropper.bernadette.b@edumail.vic.gov.au or phone 5132 3800

Bernadette Cropper
VCE Coordinator

Year 12s get RoadSafe

This week all year 12’s had Andy come in from RoadSafe Victoria to have a discussion about the safety risks that can happen on our roads with drugs and alcohol. This talk was very informative on how to look after your mates and yourself, giving us helpful tips and ideas to prevent you and your friends doing things when going out. We were informed about BAC levels and how some prescription medication can cause accidents and if this occurs you can also get jail time. He also spoke about mixing illegal and prescription drugs and how it can cause accidents not only on the road but with, arguments, fights, and when venturing home. We learnt that after consuming alcohol you lose concentration and aren’t able to concentrate on more than one thing at a time. He showed us a number of RoadSafe television ads based on true stories. Andy also described a number of scenarios that were based on fatalities involving drugs and alcohol in younger people that have occurred in the local area.

By Sharmaine Hill, Dannielle Dowe & Caitlin King.

Welfare Officer

Hi everyone,

My name is Caitlin and I’m the new Welfare Officer for the Precinct Campus!

If anyone is feeling a little overwhelmed or just needs somebody to talk to, I am here Wednesday to Fridays with an open door and a welcoming smile, I am located in the Student Services Office.

My role is to be here for not only the students but the parents as well. I’m looking forward to getting to know all of your faces and working with you throughout the year!

Don’t be shy come say hello.

**Gaining a Place in Graduate-Entry Medicine** – At the University of Melbourne, medicine is a Graduate-entry Degree, with applicants first needing to complete a Degree including Prerequisite Studies (eg. the University of Melbourne’s B. Biomedicine or the B. Science). Selection to this degree is based on the Graduate Medical School Admissions Test (GAMSAT), usually sat in the final year of the Undergraduate Degree, performance in the Undergraduate Degree (including completion of prerequisite studies) and an interview. Students attend an interview if they meet the other two criteria. Each criteria is weighted equally by the selection panel.

As this is a Postgraduate qualification, there is no need to sit the Undergraduate Medicine and Health Sciences Admission Test. (The UMAT is now only required in Victoria by applicants for Monash Undergraduate Medicine).

Two other Graduate-Entry Medical Degrees are offered in Victoria, at Deakin University in Geelong and Monash in Gippsland (Monash also offers the only Victorian Undergraduate Medical Degree).

From 2017, at least 50 of the 75 domestic places in the Monash Graduate Entry MBBS will be reserved for students who have completed Monash University’s Bachelor of Biomedical Science. The others will be for students who have completed the following Monash Degrees: Bachelor of Biomedical Science (including double degrees), Bachelor of Pharmacy, Bachelor of Physiotherapy and Bachelor of Science (dependent on the completion of designated units). Selection of students for the Graduate-entry MBBS will include a multiple mini interview; GAMSAT will not be required. Deakin does not specify any undergraduate degree to be completed first, but applicants will need to be equipped to answer questions in the GAMSAT and complete an interview.

**Monash University News**
- Monash VTAC domestic first preferences increased by 4.7% this year (+635), while under-graduate offers of places increased by 3.5%, with 10,866 offers being made.
- New courses at Monash for 2015 – Berwick campus will offer the Bachelor of Nursing. Clayton will offer the Diploma of Higher Education – Science, a new City location will offer the Bachelor of International Business, and Peninsula will offer the Bachelor of Education (Honours) Primary and Secondary Health and Physical Education.
- Monash offered 5,868 scholarships in 2014 – up 37% on 2013.
- From 2015, all 4+ year Monash degrees will give an honours qualification. This can lead on to a one year Masters’ degree, with only one year being full-fee.
Career & Pathways News

- Selection to the Medical Imaging Degree is expected to include an interview for the 2015 intake.
- **Year 10 Independence Day** - hear about prerequisites, ways to choose a University course and pathways, talk to faculty representatives, take part in workshops. **When:** 11am-3.30pm, Thurs 3 July (lunch provided); **Where:** Clayton Campus; **Register:** www.monash.edu/year10-day.
- **Year 11 Inspiration Day** - learn about course options and the difference you can make with what you study; pathways; choosing a course; participate in workshops. **When:** 11am-3.30pm, Wed 9 July (lunch provided); **Where:** Caulfield Campus; **Register:** www.monash.edu/year11-day.

Career Discovery in Fashion and Textiles at RMIT - Career options in the Fashion and Textile industries are diverse and multi-faceted. RMIT is aware of the skills and knowledge required by graduates to participate and contribute in today’s highly competitive marketplace. To assist you in selecting the most appropriate program and career option, RMIT Fashion and Textiles will conduct a Career Discovery program; **Who:** Year 11 & 12; **When:** 9.30am-4.30pm, 1 – 3 July (3 days); **Where:** RMIT Brunswick; **Cost:** $350; **Book:** 9925 8111; [www.shortcourses.rmit.edu.au](http://www.shortcourses.rmit.edu.au); **Course No.** S350337.

Nursing at Victoria University – Health courses at VU give hands-on experience and learning through scenario-based placements and clinical assessment. Students gain the latest knowledge, skills and experience to be work-ready and career-focussed before graduation. The three-year B. Nursing prepares graduates to be qualified registered nurses recognised by the Australian Nursing and Midwifery Council. It is also a pathway into Paramedicine through the B. Health Science (Paramedic). See: [www.vu.edu.au/courses/bachelor-of-nursing-hbmb](http://www.vu.edu.au/courses/bachelor-of-nursing-hbmb). **NOTE:** Div 1 Nursing is also offered at ACU, Deakin, Federation, La Trobe, Melbourne, Monash, and RMIT Uni’s.

**Enviromental and Marine Careers Expo** – Join the experts for a Careers, Employment, and Training Expo at Melbourne Aquarium. The Expo brings together professionals from a variety of industries and tertiary institutions. **When:** Twilight session 4.30-8pm, Thurs 7 Aug; **Where:** Sea Life, Melbourne Aquarium; **Cost:** $20 per person early bird (by 27 June), $25 afterwards; **Bookings:** 9923 5911, bookings@melbourneaquarium.com.au; **Info:** [www.melbourneaquarium.com.au/schools](http://www.melbourneaquarium.com.au/schools).

International Court Rules Deakin Law Students Best in World – Deakin University has taken one of the world’s most prestigious law student competitions, winning the team’s award in the Willem C. Vis International Commercial Arbitration Moot in Vienna. The mock court competition, known as the Vis Moot, is a highly prestigious event, with 290 Law Schools from around the globe competing. The competition requires students to prepare materials for a hypothetical international commercial law dispute and then argue that case against other teams.

**IT@Deakin** – Deakin offers a range IT disciplines, including Games Design and Development, IT Security and Computer Science. The perception of Computer Games has completely shifted. Games are now fundamental tools used in Sales and Marketing, Business Strategy, Education, and Science – much more than just entertainment products and graduates are well prepared for careers beyond traditional roles in gaming companies. **IT security** is suited to students interested in tackling cyber-crime and cyber-security head-on. Graduates with skills in this area are highly sought-after. **Computer Science** focuses on the technological aspects of computing and IT, including development of analytical skills and an understanding of programming and software engineering.

**Interested in Logistics?** Logistics is about getting materials/foodstuffs to the right place at the right time. The Victorian Transport Association (VTA) Logistics Cadetship is a two year program with recipients employed fulltime with logistics companies while studying for a Certificate IV/Diploma in Logistics. Cadets are released from work to study at Victoria University. Cadets earn a full time wage while studying. If you are looking for a career in business, and are highly organised, this could be the career for you. **Info:** Leni Carrion, Ph 9646 8590, cadetship@vta.com.au; **See:** [www.vta.com.au](http://www.vta.com.au).

Secure your Place at La Trobe before your ATAR – Don’t forget that La Trobe University’s Aspire Early Admissions Program applications open on Tuesday 1 July. Check out the enrichment program and key dates to apply now.

Parent Session

It’s time we talked: Pornography, young people and sexuality today

24 July 2014
7.30pm until 9.30pm
Gipsy1Safe, Traralgon

Pornography has become a parenting issue we can’t afford to ignore...

• How are children and young people being exposed to pornography online?
• Are young people being educated about sex through pornography?
• What impact can this have on young people’s understanding of relationships and sexuality?
• What impact does this have on our community?
• How can parents address this problem?

What do parents need to understand about porn and its influence on young people’s sexual understandings and expectations? How can parents support their kids’ healthy social and sexual development in an age of pornography?

This session will be led by Maree Crabbe, Coordinator of the community education project Reality & Risk: Pornography, young people and sexuality. Maree is Co-Producer and Co-Director of the documentary ‘Mr. Love and Sex in an Age of Pornography’, broadcast last year on SBS, and author of ‘In The Picture’ – a whole school resource to assist secondary schools to address the influence of explicit sexual imagery. Maree’s articles on young people, sexuality and pornography have been published in online and print media.
